

Greenville & Northern

Scott Lister

- Style: Prototype
- Era: 1980's
- Scale: 1/64
- % Completed: Track 80%
- % Scenery: 80%
- Features: Hand laid track with #5 and #7 turnouts

The layout is inspired by the Greenville & Northern in the 1980's when the line was operating between Greenville and Traveler's Rest in SC. Even though the railroad was commissioned in 1880 to run from Greenville, SC to Knoxville, TN, it never made it that far. However, the railroad was fairly productive until its last day in February 1996.
